Dear Members of the SCC/MLA Awards & Scholarships Committee,

We are happy to write a letter of support for Niveditha Shivashankar for the Mayo Drake Student Scholarship Award. Niveditha was a student in INFO 5600: Information Access and Knowledge Inquiry in Summer 2025, and we had the opportunity to observe her work firsthand. Her background in clinical documentation and research is an asset that she would bring to a career in health sciences librarianship.

We have been very impressed with the quality of Niveditha's work. She demonstrates outstanding analytical skills and logical thinking in her assignments, and she has good communication skills. Learning more about the health sciences librarianship profession would be of great benefit to Niveditha. The networking opportunities available from the South Central Chapter of the Medical Library Association would allow her to gain first-hand knowledge of the day-to-day activities of a health sciences librarian.

We highly recommend Niveditha Shivashankar for the award, as we feel she would be an outstanding candidate. We are confident that this experience will significantly enhance her academic and professional development. If you have any questions, please do not hesitate to contact us.

Sincerely,

Ana D. Cleveland, PhD, AHIP, FMLA
