EDUCATION

University of North Texas | *Master of Science, Health Informatics* (GPA: 3.86/4)

May 2026

University of Indian Academy | *Master of Science, Microbiology* (GPA: 3.39/4)

Sep 2020

PROFESSIONAL EXPERIENCE

Manipal Hospital | *Healthcare Analyst Intern*

May 2025 - Aug 2025

- Collected and maintained provider demographic and credentialing information in EPIC and Microsoft 365, achieving ~95% accuracy against hospital documentation standards.
- Assisted with policy implementation and internal controls by maintaining structured datasets used for audits and administrative reporting, reducing data discrepancies by ~20%.
- Conducted HIPAA compliance monitoring and data analysis, developing Power BI dashboards that improved leadership visibility into documentation trends and supported 30% faster issue identification.
- Prepared structured summaries and compliance-supporting reports for clinical research and patient-care initiatives, improving documentation clarity and supporting audit-ready records across multiple departments.
- Coordinated cross-departmental audits and reconciliations, ensuring on-time completion of ~90% of assigned action items through compliance-focused meetings and follow-ups.

Merck – Healthcare & Life Sciences | *Compliance & Healthcare Analyst (Intern → Analyst)*

Nov 2020 - Jun 2024

- Supported healthcare regulatory compliance and internal controls by maintaining compliance trackers and documentation repositories in SAP, GTS, ERP, and Excel, improving documentation accuracy and audit traceability by ~25%.
- Performed HIPAA and CMS compliance review of clinical and operational documentation, supporting internal compliance investigations and contributing to a ~20% reduction in documentation gaps during internal reviews.
- Drafted, reviewed, and standardized compliance-related reports, surveys, and datasets for oncology and infertility initiatives, reducing revision cycles and rework by ~30%.
- Collaborated cross-functionally with clinical, research, operations, and trade compliance teams to implement compliance processes, managing daily activities and meeting targets for on-time regulatory and internal reporting in ~95% of cases.
- Designed and implemented a documentation process automation tool for proposal workflows, reducing turnaround time by 80% while strengthening review controls and version accuracy.

PROJECTS & PUBLICATIONS

Hospital LOS Dashboard

- Built a Power BI dashboard to analyze patient Length of Stay (LOS), optimizing room utilization and improving billing efficiency.

ER Documentation Compliance Audit

- Created an emergency department documentation compliance dashboard to assess training impact and enhance accuracy across key clinical fields.

Discharge Summary Quality Dashboard

- Developed a discharge summary audit dashboard to monitor documentation completeness and accuracy, driving measurable improvements in clinical data quality.

SKILLS

- Compliance & Quality Assurance:** Quality Assurance & Compliance, Clinical Documentation & Auditing, FDA/ICH Guidelines, Data Privacy Compliance, Compliance Investigations, Monitoring
- Data Analysis & Reporting:** Data Analytics & Reporting, Analysis, Data Collection, Healthcare Analytics, AI in Healthcare & Operations, Data Visualization
- Software & Tools:** SQL, Python, Advance Excel, Power BI, SAP, GTS, ERP, Microsoft 365, EPIC
- Medical Coding & Documentation:** Medical Coding & Terminologies, Archival & Indexing, HIPAA, CMS

CERTIFICATIONS

- ICH-GCP Guidelines
- Advance Excel
- Healthcare Compliance (CHC)
- Data Analytics
- Clinical Data Management

AWARDS AND RECOGNITIONS

- 2025 Mayo Drake SCC/MLA Award Recipient

EXTRACURRICULAR

MERCK | *CSR Leadership – STEM Education Initiative*

Jan 2022 - May 2024

- Led a CSR project with Prayoga Institute at MERCK, equipping government schools with lab stations, developing course materials, and facilitating hands-on STEM education for underprivileged student.
